

**INTRUST ADVISORS NAMES WAYNE A. CORBITT  
AS MANAGING DIRECTOR**

---

**TAMPA, October 9** – In an announcement made today by Jeffrey J. Diercks, Founder and Managing Director of Tampa, FL-based InTrust (“InTrust”) Advisors, an investment management and advisory firm, Wayne A. Corbitt has been named Managing Director of the firm.

Mr. Corbitt has been a computer programmer for over 25 years and has specialized in the financial services industry for the last eight plus years. He has vast past experience working with both a smaller, emerging hedge fund and several full service financial firms.

He was previously investment strategist at Trademark Capital Management where he co-managed \$60 million in client assets. Prior to this, he was the director of research for the I2 hedge fund, where he developed an investment model for the Real Estate Equity Investment Trust sector (or REITs) that generated signals based on relative strength along with interest rate trend changes. Prior to work with I2, Mr. Corbitt was a research associate/programmer for Flexible Plan Investments where he automated trading systems that were used by Flexible Plan’s money managers.

“We are very pleased that Wayne has agreed to join us,” said Diercks. “He brings a depth and breadth of experience to our organization and to the many clients we serve. I am confident he will be a key part in our future growth and investment success.”

Mr. Corbitt has an Associate Degree from Henry Ford Community College in Dearborn, Michigan. He is a Chartered Market Technician and a member of the Market Technicians Association.

## **About InTrust**

InTrust Advisors (“InTrust” or “IA”) is a boutique investment advisory firm utilizing an Market Adaptive Strategies to help our clients be better stewards over their investment assets and realize their goals and objectives.

Its unique investment processes allow their client portfolios to:

- adapt to the constantly changing market environment;
- profit from being in just the right asset or asset class at the right time;
- benefit from a sophisticated portfolio and risk management process;
- tactically move between asset classes at market inflection points;
- the potential to profit in rising or declining markets (absolute returns);
- enjoy complete liquidity and transparency.

Its advisory process focuses on the discretionary management of investment portfolios for individuals, bank or thrift institutions, pension and profit sharing plans, trusts, estates, charitable organizations and business entities in accordance with the investment objectives of each client.

IA also provides hedge fund advisory services to this same market segment. Its hedge fund advisory services focus on newer or emerging hedge fund managers utilizing a tactical, macro approach to allocate to such managers.
